Hello Ida - after reviewing the agenda, I have two items that come to mind. It would seem beneficial to us if we could start with topic III first so we could get oriented on the status and circumstances of a 126 petition in general and then this specific one we are involved with. With that backdrop, I believe it would help the other topics fit in place.

Secondly, I would appreciate knowing what the names of the other people from EPA are who will attend the meeting other than you. Who will the attorneys be? Others for Boston or Headquarters? Etc.

Thank you - we look forwards to a beneficial discussion.
